### Declaration of FDA conformity of KLINGER®soft-chem sheets

The Fluoropolymer used for the production of KLINGER®soft-chem complies with the requirements of 21 CFR 177.1550.

The ingredients of the printing ink used for labelling KLINGER®soft-chem comply with the requirements of 21 CFR 170-189.

A handwritten signature in blue ink, appearing to read "Stephan Piringer". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Dipl.-Ing. Stephan Piringer  
Head of Product engineering
